PROJECT OBJECTIVES
• Identify and recover cash
• Minimize the risk of future cash loss
• Provide information for future contract negotiations

QUALIFICATIONS
• BS/BA (Economics/Business/Science preferred, all Majors are considered)
• Strong math and analytical skills
• Experience with PCs (knowledge of Excel and Access a plus)
• Team-oriented with strong interpersonal and communication skills
• Professional and respectful representation of Triage and our clients
• Ability to build trust and confidence with clients through effective interaction, training, collaboration
• Ability and willingness to travel on a regular basis
• Employment is subject to eligibility verification and a background check in accordance with the SF Fair Chance Ordinance

ASSOCIATE POSITION
As an Associate, you will have real responsibilities and challenges with opportunity for career advancement – upward mobility, professional experience, technical skills, exposure to high-level executives, and much more. You will be part of a socially responsible organization with great work-life balance. The work is dynamic, the atmosphere energetic, and the compensation competitive.

WHAT YOU’LL DO
• Analyze clients’ managed care contracts and government-based fee schedules to identify underpayments
• Utilize Triage’s proprietary database software to audit insurance reimbursement accuracy
• Contact insurance companies to recover additional payments for our hospital clients
• Interact effectively with clients to perform reviews, provide recommendations, and communicate project results
• Participate in Triage’s recruiting and training programs
• Assist in the development and expansion of new clients and services
• Work effectively on dynamic teams each day

COMPENSATION & BENEFITS
• Competitive salary, signing bonus, discretionary 401(k) matching program and bonus plan
• Comprehensive health benefits (medical, dental, vision, and disability)
• Four weeks paid time off, paid volunteer time off, paid sabbatical program, and nine paid holidays
• Extensive professional development, continuous training in healthcare financial consulting, mentor program
• Participation in socially responsible, philanthropic, team oriented events at home and on the road
